EXPLANATION OF RELEVANCE

References AA, AC, AD, AE and AR were identified and discussed in the present specification, and Applicants stand by the statements in the specification concerning the teachings of those references. References AB, AC, AD and AL were cited during earlier examination of the present PCT application.

Reference AB is a further reference known to the Applicants, which discloses a dual chamber pacing system wherein the AV-interval is controlled after performing a so-called "ventricular fusion test," so that the AV-interval is adjusted for full capture.

Copies of each of the above references together with Form 1449 are submitted herewith.

This Information Disclosure Statement is being filed simultaneously with the present PCT application, and is therefore in compliance with 37 C.F.R. §1.97(b)(1), and no fee is necessary.

All claims of the application are submitted to be patentable over the teachings of the above references, taken singly or in combination. Early consideration of the application is therefore respectfully requested.
